

ClearSafe Labs is proud to be a sponsor of Safety And Health Foundation events such as the *King of the Hill* run. We look forward to meeting you and enabling you to sample our cannabidiol (CBD) products. As health concerns continue to mount in modern society, the demand for solutions that put control in the hands of individuals and families also continues to rise. Knowing which providers and producers to deal with can be difficult as well. ClearSafe Labs offers our “Family of Brands” of natural products – oil, crème, and pills – derived from the best sources as part of that solution – from our family to yours.

Experience the therapeutic benefits of hemp oil:

- Anxiety & Stress
- Chronic Pain & Aches
- Enhance Focus & Clarity
- Promote Healthy Sleep
- Healthy Inflammatory Response

Join us on September 26, 2019, in Arlington VA to sample our CBD products.

CBD is a 100% safe, non-addicting, non-psychoactive nutraceutical.

Research continues on the potential benefits of CDB products and any safety issues.
